Inset

Out Area

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these categories.

1. A following a place name indicates that the place is coextensive with a MCD. A following a place name indicates that the place is a CDP. The MCD name is not shown.

2. A following a block number indicates that the block number is repeated elsewhere in the block.

Boundary

Out Area

Inset

1. When international, place name and/or country boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

2. Where international, place name indicates that the place is coextensive with a MCR, a placename indicates that the place is a false MCR, the false MCR name is not shown.

3. A false placename indicates that the block number is repeated elsewhere in the block.

¹ A '*' following a place name indicates that the place is coextensive with a MCD. A '^' indicates that the place is also a false MCD; the false MCD name is not shown.
